Financial Empowerment Coaching Program

Working with a financial coach from Michigan State University Extension can help you set your goals into motion by having a trusted coach to guide you along the way.

What are your financial interests or concerns?

- ◆ Want to create a spending plan or budget?
- ◆ Need to repair or establish credit?
- ◆ Want to recover from financial challenges?
- ◆ Interested in reaching your financial goals?

The FHE Financial Coaching program is designed to help individuals and families achieve their desired financial goals. Each financial coach and client will work together to accomplish these goals:

Financial coaches typically meet with clients in short sessions to discuss the clients' finances. This can include discussions of the clients' current financial situation and goals.

We would like to invite you to register for our Financial Empowerment Coaching program. Are you ready to take the next step and work toward accomplishing your financial goals?

MSU Extension educators help individuals and families understand the importance of creating a spending plan, saving for emergencies and paying down debt.
